Seahorse

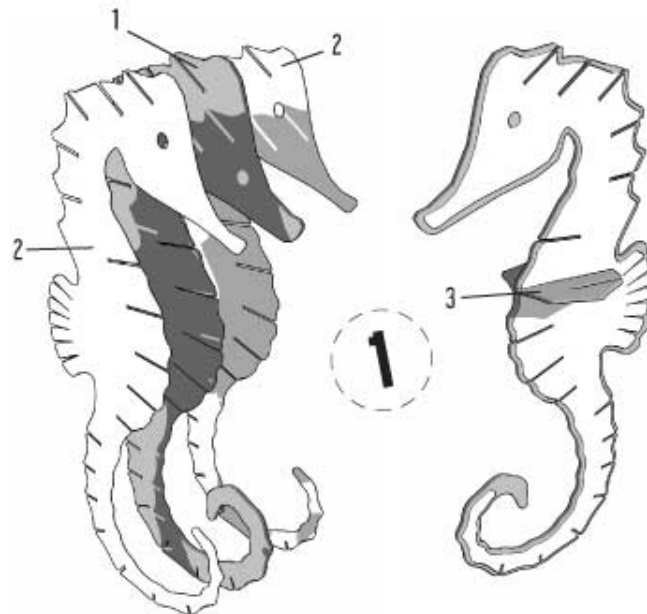

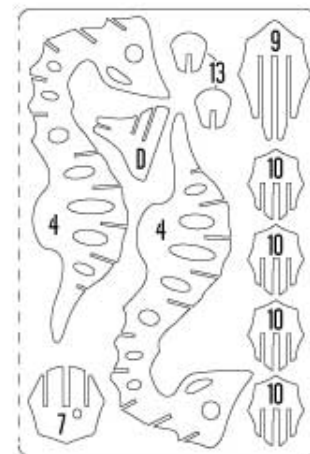

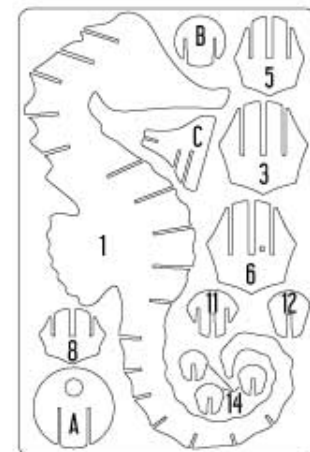

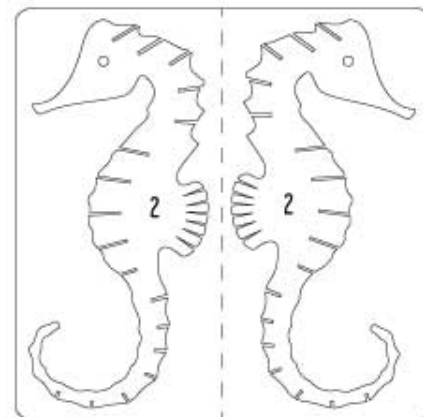

Instruction sheet Read first!

Important! The cardboard and paper parts are fragile so please work careful. Don't squeeze or force the parts for best result.

The black cardboard parts are lasercut and will leave black residu traces on your hands. Clean your hands with a wet kitchen towel/paper a few times during the proces to remove it

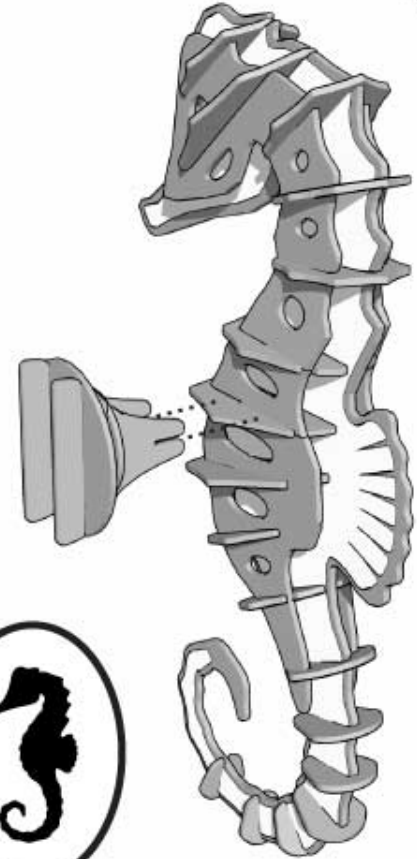

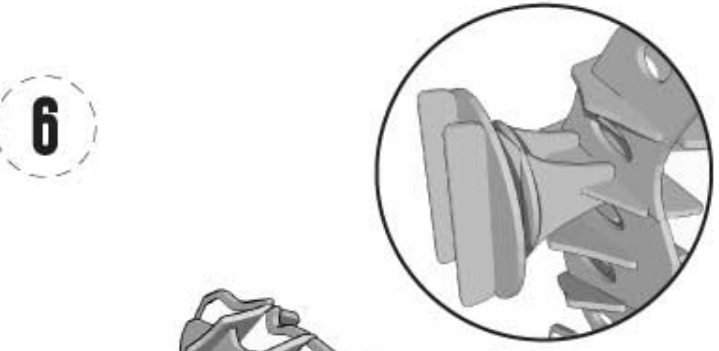

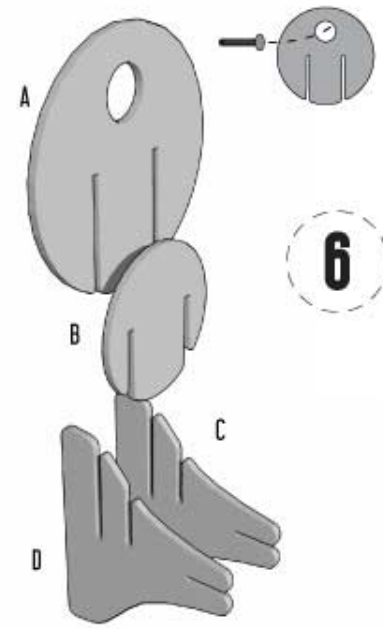

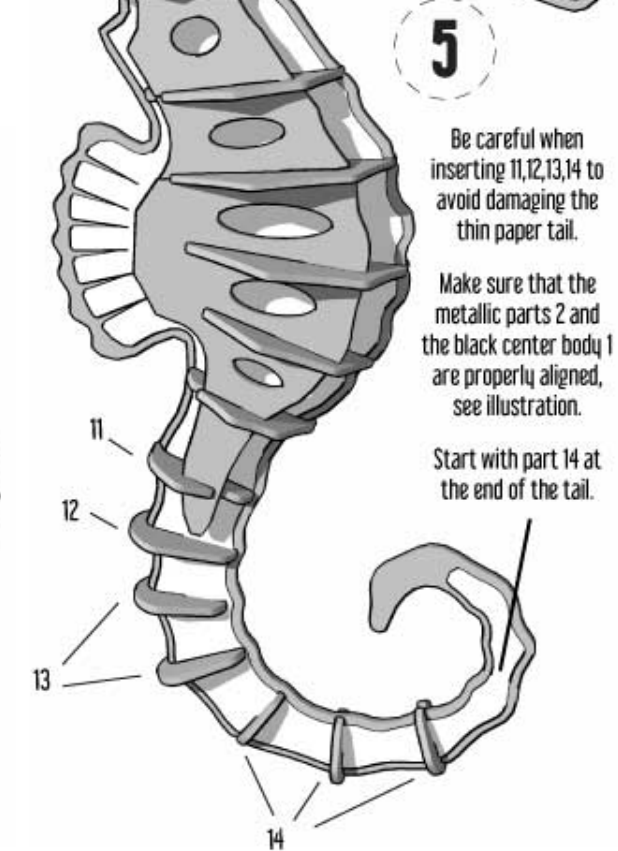

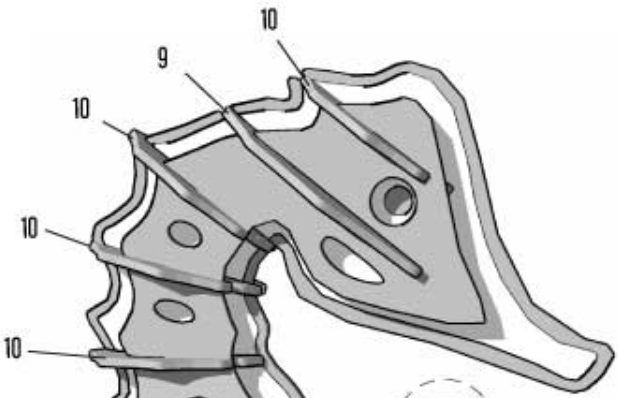

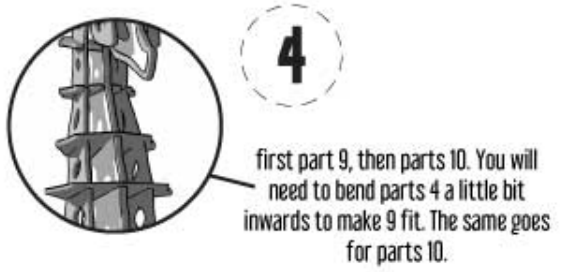

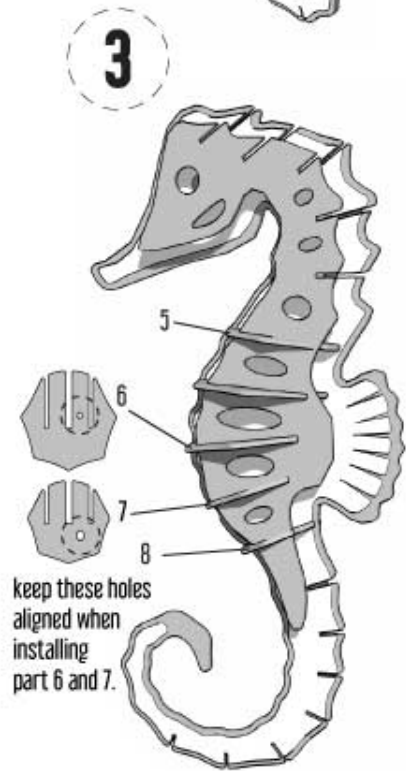

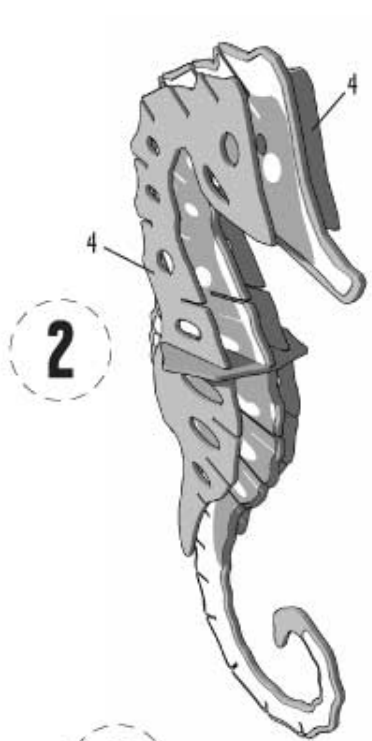

Find French & German instructions and some assembling video's for more visual inspiration on our website.

Others in the collection:

Share your original interior setting with #assembli so we are able to spot your beautiful seahorse creation! :-)

Use a skewer to display your seahorse as a standing sculpture.
